The **InterWrite™ iPanel** combines the advantages of an LCD monitor with the simplicity of using a pen-input device. Whether you are a professor teaching a lesson from a podium, or an executive delivering a powerful sales presentation, the **InterWrite™ iPanel** allows you to add annotations and life to your material while constantly facing your audience. The **InterWrite™ iPanel** can be used with any of the **InterWrite™** interactive products to create a truly dynamic learning or meeting environment.

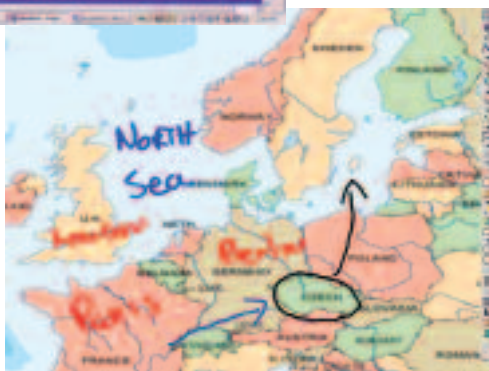

The iPanel display tilts from 20 to 80 degrees on its sturdy, integrated stand

Interactive, 2-button pens give you total control of all your computer applications

InterWrite™ Software, which is included with the iPanel, provides a means to quickly annotate notes directly on any document, engineering model, Web page, picture, or other screen image – providing the most efficient and effective way to share ideas with an audience
